Ruhr-Universität Bochum  
**IT.SERVICES | Servicecenter**  
 Gebäude IA, Etage 0. Raum 95/150 44801 Bochum  
[helpdesk-ecampus@ruhr-uni-bochum.de](mailto:helpdesk-ecampus@ruhr-uni-bochum.de)

Salutation _____	Faculty/ Institution _____
Academic degree _____	Institute _____
Family Name _____	Phone (internal) _____
First name _____	Building/Floor/Room _____
Date of Birth _____	RUB-E-Mail _____
	Login-ID* _____

*\*If you do not have an login ID yet, please contact IT.Services directly.  
 EvaSys can only be used with a login ID.*

I agree to the storage of the data mentioned above in the evaluation system EvaSys and in CAMPUS. I agree that this data may be imported from CAMPUS. With the data, a user account will be generated for me in EvaSys. In CAMPUS I will become a passive user. The data provided will be used exclusively within the framework of the student course evaluation. The basis for this is the evaluation regulations of the Ruhr University and the service agreement concluded für EvaSys. I can revoke my consent to the storage of the data mentioned above in EvaSys at any time.

\_\_\_\_\_  
 Date Signature Applicant

The recording of name and login ID is necessary to be able to uniquely identify your courses in the system (this prevents courses of persons with the same name from being mixed up). In this way, we are able to provide your course data from the CAMPUS system in EvaSys. This minimizes the administrative effort for you.

The E-Mail address is used to keep you updated on the survey procedure. With the date of birth and the signature of your faculty or institution, we make sure that nobody else registers for the procedure in your name.

Later, you will find the evaluation results in the EvaSys user account that we have generated for you with your data.

**To be filled in by the faculty/institution:**

The applicant above is lecturer of the \_\_\_\_\_  
 faculty/institution. Date, Signature, Stamp of the faculty/institution
